

STUDYING AT UP

UNIVERSIDAD
Panamericana

AGUASCALIENTES - GUADALAJARA - MEXICO CITY

ABOUT UNIVERSIDAD PANAMERICANA

Universidad Panamericana is a private nonprofit research university founded in 1967. It has three main campuses and 6 branch campuses in Aguascalientes, Guadalajara, and Mexico City.

Universidad Panamericana currently offers 43 undergraduate programs and over 128 graduate programs, with 15,200 undergraduate and graduate students served by 2,657 faculty (38% with PhD) and more than 1,000 staff members.

MISSION

To educate individuals in a way that inspires them to seek the truth and commit to it, promoting Christian Humanism and thus contributing to building a better world.

INSTITUTIONAL PRINCIPLES

- Person-centered education.
- The search for truth through scientific rigor.
- Education that promotes freedom and responsibility.
- Respect for human dignity.
- Careful work guided by a sense of excellence and service to others.

IPADE

IPADE Business School is also part of the university system. It is one of the highest-ranked business schools in the world, Top 1 in Latin America and Mexico, according to Financial Times, Forbes and CNN.

WORLD UNIVERSITY RANKINGS

QS World 2023

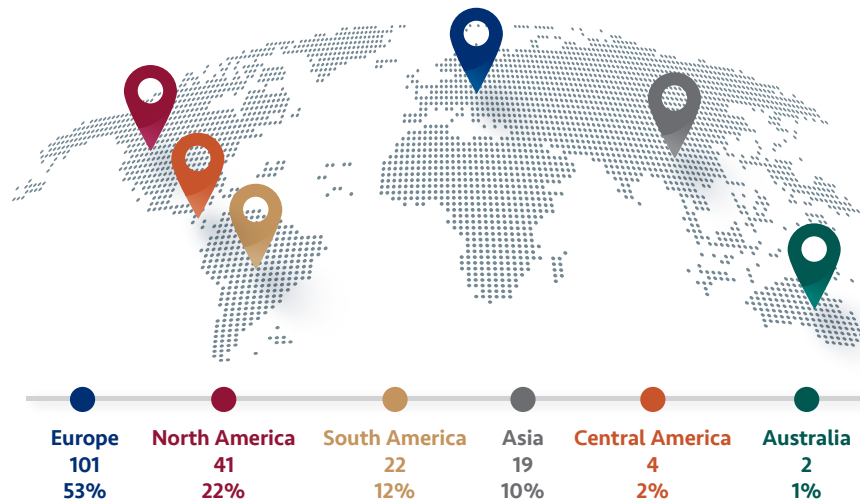

- 2nd Best Private University in Mexico.

Times Higher Education 2023

- 2nd Best Private University in Mexico.

INTERNATIONAL PARTNERS

Universidad Panamericana has established over 189 partnerships with universities worldwide, maintaining a presence in five continents by sending and receiving students each semester and connecting faculty and staff for collaboration initiatives.

INTERNATIONALIZATION

Student exchange:

- Semester-long exchange programs
- Internships
- Research projects
- Tailor-made or special programs
- Regular culture and language programs

Faculty exchange:

- Short-term teaching programs
- Research and postdoctoral stays

Curriculum internationalization:

- COIL or co-teaching
- International projects and contests
- Double Majoring option

HIGHLIGHTS

15,200
domestic students
including all campuses and programs

170
incoming students
per year on all campuses

CAMPUSES

We have three main campuses and 6 branch campuses:

Aguascalientes

- Aguascalientes
- North

Guadalajara

Mexico City

- Mixcoac
- Santa Fe
- Ciudad UP

SCHOLARSHIPS

Percentage of students with scholarships per campus (all levels)

- Aguascalientes: 82%
- Guadalajara: 52%
- Mexico City: 67%

COMMUNITY SERVICE

In 2021 we implemented 68 programs in 24 communities, bringing together:

- 5,420 students
- 160 partner institutions
- +200,000 beneficiaries

ACADEMIC OFFERING

HIGHLIGHTS

- 8 schools
- 43 undergraduate programs
- 50 master programs
- 71 specialization programs
- 7 Ph.D. programs

CALENDAR

Universidad Panamericana operates on a two-semester system.

- The fall semester begins in August and ends in December
- Spring semester goes from January to June

In addition, UP offers a wide variety of courses during the summer, including both credit and language courses.

*ENG

4-year majors taught in English. Other majors also provide subjects in English.

RESEARCH

Since 2019, UP has the private Mexican university with the second-highest number of publications indexed in Scopus.

The number of UP Faculty members officially registered in Mexico's National System of Researchers has increased by 191% since 2016.

During the 2015-2021 period, UP's scientific production increased by 317%.

In 2022, 56% of the scientific production was published in high-quality journals (Q1-Q2).

RESEARCH GRANTS

\$980,000 USD were assigned to 149 UP research projects, thanks to an internal competitive research funding program.

- 100,000 Strong in the Americas
- Templeton World Charity Foundation
- Erasmus+ Capacity Building Project

INNOVATION AND TECHNOLOGY

The Innovation and Technology Transfer Office was established in 2022 as a unit to explore and link the broad development of scientific and technological research with companies and society.

With the mission to generate a positive impact with the application of scientific research, it lead and catalyze cutting-edge research that serves society.

STRATEGIC FOCUS

RESEARCH AREAS

ECONOMIC AND BUSINESS SCIENCES

- Economics
- Finance
- Business Strategies
- Business Intelligence

ENGINEERING

- Wireless Technologies and Connectivity
- Electronic Systems
- Physical Systems
- Artificial Intelligence
- Operations Modeling and Optimization
- Design and Development of Products
- Materials
- Construction
- Seismic and Structural
- Engineering

LEGAL SCIENCES

- Public Law
- Private Law
- Human Rights
- Social Rights
- History and Philosophy of Law
- Digital Law

COMMUNICATION SCIENCE

- Public Communications, Citizenship and the Political Sphere
- Communications Industry
- Communications Studies and Audiovisual Narrative
- Philosophy and Theory of Communications
- Comprehensive Communications and Marketing

EDUCATION AND PSYCHOPEDAGOGY

- Actors, Processes and Educational Institutions
- Neuropsychology and Learning
- Educational Theory and Thought
- Mental Processes and Behavior

HUMANITIES

- Faith and Reason in Christian Culture
- Language, Logic, Argumentation and Communication
- Hermeneutics of Culture
- History of Philosophy
- Practical Philosophy
- Speculative Philosophy

FOOD AND HOSPITALITY

- Food Science and Technology
- Tourism and Hospitality
- Institution Management
- Rural Development

INTERNATIONAL RANKINGS

QS World University Ranking 2023

- #541-550
- 4th University in Mexico
- 2nd Private University in Mexico
- 27th University in the Region
- Research Intensity in “High” classification
- The student-faculty ratio is our best indicator

QS Ranking by Subject 2022

- Top 21%
- Philosophy: 101-150
- Hospitality and Leisure Management 101-150
- Business & Management: 201-250

THE World University Rankings 2023

- Top 5th in Mexico
- Top 2nd private University in Mexico

THE Latin America University Ranking 2022

- Top 6th in Mexico
- 2nd best private university in Mexico
- 88th in LATAM
- Our best indicators are: International Outlook and Teaching

THE Impact (adhesion to the World Pact)

We were ranked in the top among the private universities in Mexico:

- 3rd in SDG 1: No Poverty
- 4th in SDG 3: Good Health and Wellbeing
- 4th in SDG 4: Quality Education
- 3rd in SDG 17: Partnership for the goals

UI GreenMetric University Rankings 2022

- 3rd best private university in Mexico
- 7th best university in Mexico
- 1st private university in Mexico in terms of Sustainability

THE Rankings by Subject 2022: Engineering

- 7th best Mexican University
- 2nd best private Mexican University
- Top 3rd Mexican University with the most research collaborations
- Top 6th University with the most citations

INTERNATIONAL ACCREDITATIONS

School of Engineering

Mexico City Campus:

ABET accreditation since 2015 in the Industrial Engineering, Mechatronics, and Information Technology and Intelligent Systems Engineering programs.

Guadalajara Campus:

Member of AACSB and EFMD.

School of Economics and Business

Administration

Mexico City Campus:

Member of CLADEA and EFMD.

EDAF Community School since 2020 (EFMD's mentorship program, aimed to bridge the gap towards an international accreditation)

Guadalajara Campus:

Members of AACSB and EFMD, collecting evidence.

NATIONAL ACCREDITATIONS

Most of our programs have been accredited by two national associations: COPAES and CIEES. Also, UP has FIMPES Accreditation.

AGUASCALIENTES

Campus

UP's Aguascalientes Campus was founded in 1989 in the former country state Ojocaliente region. It currently has two branch campuses, hosting 2,451 undergraduate and graduate students.

The Aguascalientes region is known for its gentle climate and relaxed provincial character. As the state's capital city bearing the same name, this attractive colonial city is today a burgeoning commercial and industrial center.

The state has achieved high commercial status, producing a large proportion of Mexico's high-tech manufacturing output. Recently, companies such as Texas Instruments, Xerox, and Nissan have opened facilities in Aguascalientes, contributing to growth in the manufacture of electronics, mechanical products and automobiles, and in metal mining.

GUADALAJARA

Campus

The Guadalajara Campus was built between 1930 and 1940 and currently hosts over 5,215 students, including undergraduate and graduate programs. The campus stands out for its modern architecture and first-rate facilities, including laboratories, sports courts, and a gym.

Guadalajara is the capital city of the state of Jalisco. The city is located in the central region of Jalisco, in the western Pacific area of Mexico.

With a population of 5 million people, it is Mexico's second most populous municipality. Guadalajara is also the 10th largest city in Latin America.

The city is named after the Spanish city of Guadalajara, which came from an Andalusian Arabic name meaning "valley of stones."

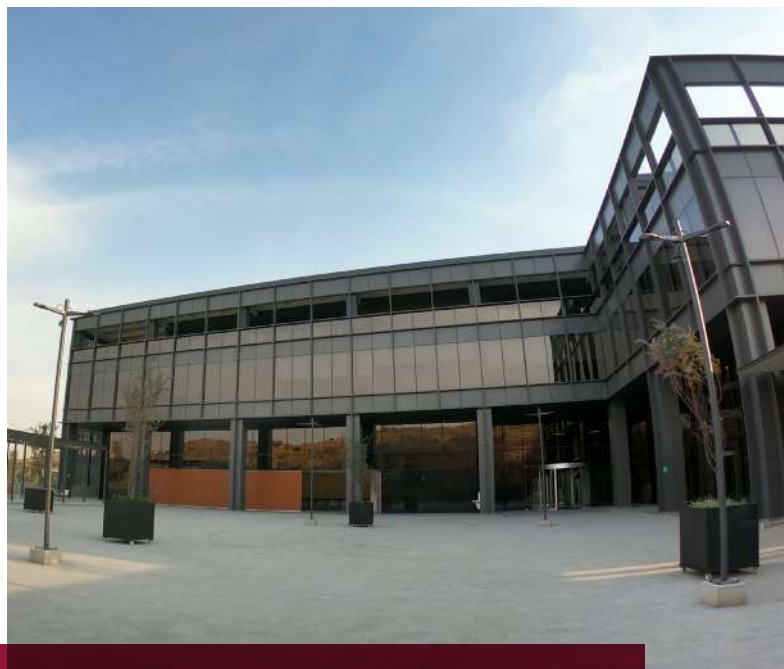

MEXICO CITY

Mixcoac Campus

Mexico City campus hosts over 7,600 students in a beautiful building complex featuring both colonial (an old textile factory from the XVIII Century) and modern buildings.

This campus has university life areas, such as multi-purpose rooms, a gym with cardio and a strength area, a food court, and coffee shops. It also houses an auditorium, a library, laboratories, and a photography studio.

Occupying a privileged location in the central south of Mexico City, Universidad Panamericana offers students ample opportunity to discover the city — it is only five minutes away from one of the city's main avenues, connecting a variety of public transport alternatives — while remaining within a quiet neighborhood surrounded with parks, malls, and residential buildings.

MEXICO CITY

Ciudad UP Campus

Located in Bosque Real, in western Mexico City, this new campus was launched in April 2020, with its first major building set on 40 acres of land that will eventually host over 10,000 students.

Ciudad UP Campus is a long-term project (15-20 years) that will feature a hospital, research facilities, sports areas, university residences, a museum, laboratories, and other educational facilities.

Today, Ciudad UP's first building consists of 21,000 meters with a capacity for 1,200 students from the Business & Management, Law, Economics, Government, and Quantitative Finances programs. All programs include in their curricula the experience of international weeks abroad.

Ciudad UP Campus has sports areas that include a multi-court, a gym, and 2 paddle courts. It also houses a library, an auditorium, social and leisure areas, coffee shops, a library, and a parking lot.
